Unless otherwise noted, these videos are distributed in their original form unedited. While much of the footage is of high visual and sound quality, some of the archived DVDs do contain anomalies due to weather conditions, camera operator errors, or age of original recording at the time of transfer.

**Unless otherwise noted, DVDs of transferred film do not have sound.**

**Disk Replacement Policy**

In the unlikely event that a defective product is received, we will rectify the issue. Replacement DVD(s) may be requested up to 30 days of receipt. *Replacement DVD(s) will **only** be given in the following situations:*
